HALLOWE'EN IN SOCIETY

Prominent Social Events Intermingled With Coblins, Ghosts and Weird Spooks,

Some folks say they don't believe in ghosts and spooks and goblins and all the other inhabitants of the spectral universe, but since last Friday and Saturday night, many of them have "flopped" in their faith. For once more on Hallowe'en, according to the ancient and time-honored traditions of Grimm and Anderson and Aesop and all the others apostles of the spook land, grim and ghostly figures stalked the streets of Ukiah and joined in their weird and ghastly frolics to the discomforture of the timid neophites among our citizens. For joyous did the festivities of the witches and cats and bats become that all the loose things about many pemises, such as the fences and the gates and porch furniture and family carriages, joined in the fun and some of them lost their way back home, and many of our innocent citizens have been looking for the missing articles ever since, but some of the things seem to have taken flight with these unearthly visitors of "Never Never Land" never to return. But now it's all over, and one can breath easy again for another year for after all "boys will be boys" and girls sometimes, too, so let's all be good or the "Goblins will get you" the next time if-you-don't-watch-out.

Hallowe'en is rich with suggestions for entertainment, and many took advantage of the season in Ukiah this year. Principal among the parties and socials given were the social given at the Presbyterian church and the party of the Baracas and Philatheas at the Baptist church on Friday night, and the Saturday Afternoon Club party at Mrs. Henry Smith's on Saturday night.

The social given at the Presbyterian church proved to be a delightful affair in every way. The church was beautifully decorated with autumn leaves and Jack-o-lanterns and flowers, and it presented a pleasing effect. The pogram, under the direction of Mrs. H. B. Smith, was interesting and well rendered. Pumpkin pies, cider and ginger bread were the refreshments. The house was filled with a jolly crowd and everyone seemed to be enjoying the occasion.

The Philathea and Baraca Hallowe'en party of the Baptist church was attended by about forty of the young people of the two classes. It was altogether a most delightful occasion. The chapel of the church was charmingly decorated with red grape leaves and corn and jack-o-lanterns and it presented a weird and beautiful appearance. The evening was spent in Hallowe'en games and contests which were entered into heartily. Dainty Hallowe'en refreshments were served, brick ice cream, cakes and coffee. It was the wee hours of the morning when the company broke up, reporting the time of their lives.

Perphaps the most brilliant affair of the season was the party given by the Saturday Afternoon Club at the home of Mrs. Henry Smith. The ladies entertained in their usual charming manner. The house was decorated in true Hallowe'en style, and especially beautiful was the dining room decorations. Here was a table 10 by 22 feet decorated with autumn leaves, autumn fruits in pumpkin baskets, and nuts and cakes and candies in squash dishes and squash candlesticks and place cards of witches and cats. The decoration above the table was in the shape of a grape arbor with colored grape vines and bunches of grapes. It was most beautifully and artistically wrought. The evening was spent in spook songs and games and ghost stories. About fifty of Ukiah's society folk enjoyed this delightful party.

Will Go to China

REAL ESTATE CHANGES HANDS

A Number of Important Land Deals in Ranch Property Closed During the Last Few Weeks

Several quite important land deals have been closed during the latter part of the summer and fall months, which have been recorded in these columns. During the last few days two more sales have been made, which indicate that Mendocino ranch property is in demand by investors.

One of the most important deals was the sale of the Mack Howard ranch of fourteen hundred acres in Coyote canyon adjoining Riverside, to Messrs. A. D. Verra and Samuel Scontriano, of San Francsico. The purchasers are Greeks and men of means. They are experienced in the business of manufacturing sheep cheese, from the milk of sheep and goats, which product is regarded in many of the European countries as a delicacy, and their purpose in buying this ranch is to engage extensively in this business. They have already secured about 1000 ewes which they will place on the ranch at once, and expect to commence active operation about November 1st. Some 200 acres of the place will be used for raising alfalfa and the remainder for grazing. The price paid for this ranch was $14,000.

Another important deal was the sale of the E. V. D. Paul fruit ranch six miles southwest of Ukiah, to C. B. Gould, a capitalist of Oakland. This tract embraces 400 aces, quite a large portion of which is planted with fruit trees of various kinds, the yield from which, under the scientific methods applied by Mr. Paul, commanded the highest prices from the exacting clubs and fruit connoiseurs of San Francsico. Mr. Paul raised only the choicest varieties and treated his trees by the most modern and approved methods known to horiculture. It is hoped by the people of this locality that Mr. Paul will not leave here but remain and continue in the business for which his knowledge of modern methods in fruit growing fits him.

UNCLE SAM IS GREATLY PLEASED

U. S. Assistant P. M. General Visits Ukiah and is Well Pleased with the New Postoffice

Last Tuesday, H. B. Hall, assistant Post Master General, of San Francisco, visited Ukiah to accept the new post office site and attend to Uncle Sam's part of the business. Mr. Hall was well pleased with the new location and the furntiure and fixtures, and complimented F. C. Albertson, who attended to the fixing up of the property and purchasing the furniture for Mrs. Gambel, the owner. Under the law the owner of the property has to fix up the building complete, furnish the wood, lights etc., and the government pays the rent of the property. The cost of flixng up the new post office was $2500, and the lease is for a term of ten years at a monthly rent of $60. The post office is virtually for life in its new location, as no one else would likely be able to compete ten years from now as the present owner has everything fixed up to date. Mr. Hall thought Ukiah should feel proud of the new building and the up to date way in which it was fixed up. There are 600 new boxes with combination locks, all of which gives things a metropolitan appearance.

Ft. Bragg Second

In the semi-annual meet of the A. A. L. in San Francisco last Saturday the Ft. Bragg high school made a splendid showing, landing in second place with 24 points and was only four points short of the highest. Ukiah high school made four points and Willits eight. The sturdy coasters are all right and will yet win out. It was only two weeks ago that they won first place in the contest with the North of the Bay counties.

Con H Goldberg a Willits attorney, was in town Wednesday on business.

Cubbler, who is wanted in Lassen county to answer to a felony charge in which some woman figures. Deputy Jamison also arrested a horse thief, who stole an animal at Fort Bragg, and was endeavoring to escape by way of Covelo last week. He turned this man over to a Fort Bragg constable. THE ELECTIONS LAST TUESDAY

Union Labor Landslide in San Francisco, Tammany Mayor in New York, Democratic Gains

The election in San Francisco last Tuesday was a complete landslide in favor of the union labor party, the candidates of the other parties scarcely getting a look in.

The union labor party elected mayor, district attorney, auditor, county clerk, sheriff, coroner, one police judge and 11 supervisors. The republican party elected its candidate for tax collector, city attorney, treasurer, one police judge and five supervisors. The democrats won with their candidates for recorder, public administrator and two places on the board of supervisors.

The whole vote cast was 64,931. The liquor ordinance proposed by the liquor trade was ratified by a majority of 6,510, receiving an affirmaitve vote of 22,966, as against 16,256.

P. H McCarthy, on the face of the complete unofficial returns, polled a total of 29,437, Leland 19,602 and Crocker 13,717. McCarthy's plurality over Leland is 9,800, and he received nealy 16,00 more votes than Crocker.

Charles M Fickert beat Francis J Heney for district attorney by a majority of approximately 9,200, receiving 36,197 to Heney's 25,992. Boyle, union labor and democratic candidate for auditor, beat Mathewson by more than 10,000.

For coroner, Walsh, union labor nominee, beat O'Donnell, repubilcn, by over 5,000, and Fitzgibbon, democrat, was 1,700 behind O'Donnell.

In New York Judge Gaynor, the Tammany candidate for mayor was elected, the remainder of the ticket went to the fusion republicans. Hearst was a poor third in the mayorality race.

In Massachusetts the usual republican majority of 75,000 or more was reduced by the democrats to about 8500.

Kentucky elected the entire democratic ticket. In other states the democrats showed large gains and republican majorities very materially reduced.

The experiments in making paper pulp from redwood slabs, sawdust and bark, carried on at Fort Bragg by the Union Lumber Company, have proven highly satisfactory. The matter of making pulp from redwood refuse was no experiment with Mr. Stanley, the man who had the experimental plant in charge. His work was in the nature of proving to the Union Lumber Company that paper can be successfully made from the waste of the redwood mills. Mr. Stanley is the chief owner of a large paper plant at Santa Cruz and has lately installed a $450,000-paper pulp plant for a firm in British Columbia.

The storekeepers are again complaining of those packed egg fiends, who are unloading the aged and stale product of biddy upon them at a fifty cent price. Sickness and Superstition.

For the cure of epilepsy, or the falling sickness, numerous were the charms that were invoked long ago. A very common remedy among the poor people about London and particularly in Essex was to cut the tip of a black cat's tail in order to procure three drops of blood, which were to be taken in a spoonful of milk and repeated three days successively. If the patient was informed of the composition it lost its efficacy. The patients also were to creep head foremost down some three pairs of stairs three times a day for three successive days. —London Answers.

The Cosmological Question.

The business of life allows no spare time any more. One cannot get rich nowadays in office hours, nor become great, nor keep telegraphically informed, nor do his share of talking and listening. Everybody but the plumber and paperhanger works overtime. How the earth keeps up a necessary amount of whirling in the old twenty-four hour limit is more than we can understand. But she can't keep up the pace much longer. She must have an extra hour. And how to snatch it from the tail end of eternity is the burning cosmological question. — Dallas Lora Sharp in Atlantic.

Baked Tamale.

Boil until tender one small chicken or that amount of any tender meat. The meat from soup bones is fine used this way, and veal is as good as chicken. In fact, you can use to advantage any tender leftover meat. Strain off the broth, remove the bones and break into small pieces. Put into a frying pan two tablespoonfuls of lard or drippings and when hot add two tablespoonfuls of flour and let brown a little. Then add the meat, salted to taste, with one cupful of broth and two tablespoonfuls of chili powder. Stir and cook ten minutes. Set off to cool and add a small cupful of raisins (whole) and about the same of olives. Now make a stiff batter of three cupfuls of cornmeal and one of flour, salted, into which is rubbed three-quarters of a cupful of lard or drippings, moistened with one beaten egg and one cupful of broth. Line a deep pan with the butter and bake one hour.—Delineator.

Calling Names.

The late Peleg W. Chandler, who was hard of hearing, was one of the most effective of war time speakers. Every occasion illustrated his eloquence and demonstrated the quickness of his repartee. At one meeting he was frequently interrupted by a blackguard at the rear of the hall, who kept shouting, "Why don't you go yourself?" For a time Mr. Chandler's deafness prevented him from catching the exact nature of the interruption, of which he had been for some time conscious. At last Mr. Chandler caught the words of the disturber. Then, in the mildest accents, which emphasized the force of the words, he said, "Young man, if my ears were as good as yours and as long as yours I shouldn't be here tonight!"—Argonaut.

Evolution of the Modern Play.

With the decay of dialogue in importance less attention has been paid to delivering it so exquisitely as to give value to it for its own sake. And so by degrees we came to the modern play, in which everything is sacrificed to vraisemblance, soliloquies are tabooed, and people talk as they do in real life—naturally and entirely to the point.—Era.

Temperate.

Grimsby—So you want to marry my daughter, sir! What are your principles? Are you temperate? Fledgely—Temperate! Why, I am so strict that it gives me pain even to find my boots tight.—London Pick-Me-Up.

It Depends.

Wigwag (trying to think of insomnia) —When you haven't been able to sleep for about a week what do you call it? Youngpop—What is it, a boy or girl?—

Cordwood Counsel Fee.

A Barton county farmer sought advice from a Golden City attorney about suing his wife for divorce on the ground that she did not agree with him on a horse trade he had made. The attorney advised him, and the farmer agreed to pay him for it in cordwood. A few days later the wife and one of the little children went to town with the first installment of the wood and unloaded it in the lawyer's shed.—Kansas City Star.

UKIAH, CALIFORNIA, FRIDAY, NOVEMBER 5, 1909.

The Ship Subsidy Fallacy

In spite of a deficit for the fisical year ending June 30, of $89,811,-156, the republican party, through President Taft, has committed itself to favor a ship subsidy, with the avowed purpose of solving the problem of re-establishing American ship building. At the suggestion of the big water transportation companies, which is little less than a big combination of shipowners, the republican party leaders have been blinded to all other possible solutions and have concentrated for a big raid on the national treasury to the extent of $6,000,000 to $8,000,000 a year which big sum of the people's money will be turned over to these big shipowners.

No concern has ever been manifested by the dominant party leaders in any other possible solution. Along in the fifties and sixties the United States had a healthy merchant marine, and that without subsidies, too. The reason this condition was not maintained was due to the fact that a high tariff was saddled on to shipbuilding material, and today it costs 40 per cent more to build ships than it did during those years. During the recent socalled tariff revision, had ship building material been placed on the free list, as it should have been, the problem would have been solved, and solved without one cent of the people's money being donated to the grasping shipowners. The comparison between free trade England shipbuilding and that of the tariff ridden United States affords an interesting study. Note the difference:

	British Million tons	American Million tons.
1860	4.6	2.5
1870	5.6	1.5
1880	5.6	1.5
1890	7.9	.9
1900	9.3	.8
1906	11.2	.9

Germany, which maintains a high protective policy, places all shipbuilding material on the free list, and even the English statesmen who are favoring a protective system, insist that all such material shall be kept on the free list.

The people of this country, outside of those who will pluck the golden plum which the republican party will so generously present to them, are not in favor of these big gifts. The party in power has added enough to the burdens of the common people, and the leaders must feel secure enough in their imperialistic tendencies if they attempt to increase this burden by such an extravagant scheme as proposed.

The prodositio is supported by the Pacific Mail Steamship Co., the Spreckles', the Morgans, the Hills, et al., and why not? If the national government can be induced to contribute immense sums to help swell their dividends their support is only a natural deduction.

The logical and reasonable solution is the removal of the tariff barrier on shipbuilding material, then see how rapidly the seas will be covered with American ships.

Why Not a Good Thing?

The repulican newspapers throughout the country have taken up the insult which pesident Tatf went out of his way to deliver to the people of the state of Oklahoma, and are making an onslaught on the state bank deposit provision which occupies a prominent place in the organic law of that state. Dr. J. M. Phillips, one of the closest students of politics and social affairs to be found in the east, recently made a tour of Oklahoma, and publishes some personal observations of the working of this law. He says:

"One noticeable thing was the oderliness and the promptness with which the depositos received their money. Not very long ago, when a certain Chicago bank failed, and the man responsible for the wreck was hastening away across the ocean, a real mob surrounded the place. The savings that widows had made through years were swept away in an instant and many families of the poorer class were left penniless. Several lives were lost because of the loss of the money; but in Oklahoma City the line of depositors was as orderly as a line of Postoffice patrons on Monday morning. They were confident that their money would be returned to them, and were not disappointed. The next day the line was shorter, because all knew that there was no prospect of loss. This was occuring when the existence of the State guaranty law was imperiled in a Judge's court.

"Naturally, people asked themselves why such a law in not a good thing when it prevents confusion and money loss."

Notes and Observations

If newspapers reports may be depended upon, and the whole people hope they may be in this instance, "Uncle" Joe Cannon, speaker of the house at Washington, and an erstwhile candidate for president, is "out of tune" with the powers that be and will most probably be retired to private life. Both "Uncle" Joe and his overbearing methods might well be dispensed with.

The home town of Governor Gillett was the scene last week of an attempt to wreck a store recently opened in Eureka by a couple of Japanese. The front of the building was badly wrecked, and some damage done to adjoining buildings However distasteful the presence of these Asiatics may be to the people of Eureka, the action of the bomb throwers is unwarranted and wrong. Be it said to the credit of the better element of Eureka the deed is denounced in strong terms, and the city government has offered a reward for the apprehension of the vandals.

George Ade, the humorist, says he has more money than he can spend, and a prominent democrat suggests that he might start a republican paper in Texas.

According to the San Francisco Journal of Commerce the shoe manufactures are now considering the question as to which would be the best policy for them to follow, to raise the price of shoes, or cheapen the cost of production. This condition is brought about by the increased tariff on hides. This is another case where high tariff is a "direct benefit to the laboring class."—Colusa Sun.

POLITICAL TALK ON SOUTH COAST

Many Aspirants for Office in Southern Fog Belt---Republicans Split, Democrats United

Point Arena, Nov 2.—The visit of a supervisoral committee in this vicinity recently got the political wiseacres to talking politics and all kinds of rumors are afloat now, mostly concerning supervisor.

On the Republican side the fight will doubtless be hotly and bitterly contested. Supervisor Gillmore will desire renomination and will be opposed by the local party paper and those who have aspirations. The local paper announces F. W. Slack and A. B. Kendall as likely candidates, while the present incumbent thinks that the editor would like a swing at the job himself. On the Democratic side "Doc" Dougherty seems to be the most talked of candidate, although Deputy Assessor Reinking is also spoken of highly around Manchester.

J. D. Ball is out for the nomination for sheriff on the Republican side. Other coast aspirants are said to be Ralph Byrnes, Jack Nelson, and J. A. Chambers. There is also talk of Supervisor Brandon getting into the fight.

P. W. Haggreen has some friends who are urging him to make the race for Recorder. He would run strong on the coast. It is said that J. C. Lane would like to have the Democratic nomination for Assessor, but up in the middle coast section the name of Pat Connolly is also mentioned as a probable canddate, while from the valleys comes the news that Mike Thomas and I. W. Grover are liable to enter the ring. So goes the talk, and the more one hears the less he knows. Strange, isn't it?

The consensus of opinion is that the Democratic candidates will all run strong along the coast this coming campaign.

Property Changed Hands

Poage & Ford, the real estate men of this city report that they have just closed a deal by which L. J. Rennick who owned the Lane place three miles north of Ukiah, has exchanged his property for the ranch of C. J. Chandon at Comptche. These are both fine ranches and it was only a question of suiting the owners. Mr. Chandon has lived so long near the fog belt that he is glad to get the benefit of our valley sunshine and Mr. Rennick has in mind the handling of the large amount of redwood timber on his new home and making ties of the same at an early date. The parties have moved and are now located on their futrue homes.

Poage & Ford also report the sale of the Percy house and lot on Leslie street to J. F. Hilliard who last year bought a ten acre lot in the Bartlett tract.

WANTED.—A good income property, State street preferred.

UKIAH 25 YEARS AGO THIS WEEK

What Was Going on in This Community a Quarter of a Century Ago

(From the Dispatch-Democrat)

At the election last Tuesday, the Democratic candidates were elected, except J A Reynods for Supervisor in the 5th district. He was defeated by his Republican opponent, C M Curly. Henley ran behind his ticket while Yell, Standley, and Fowzer ran ahead. The rest of the candidates ran with the ticket.

Cleveland has carried the county by 272 majority. The successful candidates have won over their opponents by the following vote in the county: Henley for Congress over Carothers, 227; Whit Henley over C A Irvine for the Assembly, 149; Standley over Howell for sheriff, 666; Cunningham over Whipple for clerk 307; Perry over Madden for Recorder, 473: Yell over Mannon for District Atterney, 444; Fowzer over Carpenter for Treasurer, 501; Dozier over King for Coroner, 238; Lane over Kirkwood for Surveyor 359. For Supervisors—Hiatt over Ruddick, 97; Mathers over Paxton, 31; Foster over Eveland, 145; Haas over McCornack, 20; Curley over Reynolds 77.

Cleveland and Hendricks have been elected and Congress is Democratic, More particulars next week.

The campaign is over—the good fight has been made—and we now sleep the sleep of the good and virtuous.

T L Carothers felt so very anxious about the result of the election that he started for the city Tuesday morning.

Ukiah has taken another step forward and has in operation one of the finest hotels north of San Francisco. The Palace has been leased by W A Hagans.

The Comimg Prize Fight

The fighting fans of this city are all agog over the fistic events billed for Saturday evening, November 20. Grover Binkley is now in the hands of an experienced trainer and is working hard so that when he confronts the Santa Rosa lad, Coffey, his old adversary, he will be in condition to put up the fight of his life. Coffey is doing a hard training stunt at his home, and his friends say that he will spring a surprise on the Ukiahlad. The coming contest promises to be one of the most stubbornly fought contests ever pulled off by the local club. The Willits lad with the unpronounceable name is also training hard and expects to take Young Donohoe'e measure on the padded floor in the preliminary bout.

The sermon subject for next Sunday morning will be, "Power that Makes for self Conquest" and the subject for the evening service will be, "The Uninvested Pound." All are welcome.

Hallowe'en Mischief

With each recurring Hallowe'en the spirit of mischief seems to be growing in Ukiah. Not satisfied with playing harmless pranks Young America carry their mischief almost to the point of maliciousness with the result that property is really destroyed. In the outskirts of town a number of gates were wrenched from the hinges, carried off and broken to pieces, and in some instances vehicles were taken away and wrecked. This is wrong and some of the sufferers from this wantonness propose to adopt stringent measures in the future to prevent these Hallowe'en marauders from destroying property.

Card of Thanks

We deisre to earnestly and sincerely thank our many kind friends and neighbors for their extreme kindness shown to us during the illness and bereavement of our dear hubsand and father. We bow in submission to the will of God and pray he in his goodness to comfort others in their sorrow.

Mrs. M. J. Ellis,
Madge Ellis.

Presbyterian Chucrh

The following are the services for next Sunday: The sermon topic for the morning will be "The purpose and use of comfort." At 3 o'clock in the afternoon the Junior C. E. At 6:45 p. m. the senior C. E. and at 73:0 p. m. the evening service with the topic "The Soul's Refuge in God." Special music at both services. All are welcome.

George Richardson, of Willits, has purchased the garage and business of Cox & Thornton on State street. Cox first sold out to Thornton and then Thornton sold the business to Richardson, who will take charge soon. Mr. Richardson formerly lived here, and his many friends will be glad to welcome him back.

Mrs. Lillian Thomas went to Cloverdale last week to take some advanced work in music. A San Francisco music teacher comes to Cloverdaleevery two weeks to teach a class in advanced music and Mrs. Thomas takes advantage of it and goes down from here for her lessons.

Alfred Wages, formerly a citizen of Westport, this county, came over from Witter, Lake county, the first of the week on busines. He is still interested in this county and said he could not get along without the Dispatch and ordered it sent to his Lake county address.

Lawrence Davidson came over from Sacramento this week and went up to Willits to visit his folks for awhile. "Dick," as he is familiarly known, has been braking on the S. P. from Sacramento to Roseville, and is in line for promotion.

J. H. Taylor was up from the city this week in his automobile and visited his parents in this city.
